Dear Parents and Carers

During this week's Governing Body meeting the governors were disappointed to hear that some parents and carers are choosing to ignore the schools request for face coverings to be worn at drop off and pick up.

Naturally, the school do not like being in a position to make this request but unfortunately given the current uncertain situation we are in, the request is being made in respect of protecting everyone.

By adhering to the schools request you are helping to protect other children, parents and staff which in turn protects the families of us all. Many of us have vulnerable relatives and family members and we need to all think of others in respecting the request of the school at this time. As a collective community we need to protect each other.

Finally, can we also remind all parents and carers of the need to vacate the school grounds and parking / drop off areas as swiftly as possible. This enables the free flow of traffic for all and also further helps eliminate the risk of spreading the virus.

I am sorry we need to send this message and I hope you can all understand the importance of following these measures to keep us all safe at this time. We do not want to have to take stronger measures but we will need to review the procedures if there are still parents and carers choosing not to follow our requests.

We also understand there may be some parents and carers that may be exempt from these rules due to health reasons and we would ask you speak to the school so an adequate provision can be made to accommodate this. We would not want to put you at even further risk should your health restrict you from wearing a face covering.

Yours sincerely

A handwritten signature in black ink, appearing to be 'Daniel Green', with a long, sweeping underline.

Daniel Green  
Chair of the Governing Body
