## VISION

Our Vision for the children at Moreton C of E Primary School is to provide a caring, supportive and stimulating environment within the context of a Christian community in which pupils can learn and become responsible, confident and independent members of this community. We believe that our school is the good ground and the roots established here will allow all who come into contact with it to grow well. Its seeds (pupils, staff and community) are given a rich diet to thrive into the best 'plant' possible. Our seeds are cared for during all 'seasons', given support and protection when it is needed and encouragement to flourish. The plants are strong and resilient, able to live peacefully and joyfully with those around them. The rich harvest is the end result of this labour for pupils, staff and the community – the brightest of futures. Our vision is underpinned by our core Christian values of faith, knowledge and love.

The Early Years Foundation Stage (EYFS) applies to the learning and development of all children from birth to the end of the Reception Year, which in Moreton C of E Primary School, is Bumblebee Class.

Early childhood is the foundation on which children build the rest of their lives. It is not just a preparation for the next stage but is vitally important in itself.

Learning for children is a rewarding and enjoyable experience in which they explore, investigate, discover, create, practice, rehearse, repeat, revise and consolidate their developing knowledge, skills, understanding and attitudes. During the Foundation Stage, many of these aspects of learning are brought together effectively through playing and quality interactions with adults.

## **AIMS/OBJECTIVES**

At Moreton C of E Primary School we aim to provide the highest quality care and education for all our children thereby giving them a strong foundation for their future learning. We create a safe and happy environment with motivating and enjoyable learning experiences that enable children to become confident and independent learners. We value the individual child and work alongside parents and carers to help every child reach their full potential.

As outlined in the 'Statutory Framework for Early Years Foundation Stage':

*'All children deserve the care and support they need to have the best start in life. Children learn and develop at a faster rate from birth to five years old than at any other time in their lives.'*

## **Statutory Framework of EYFS**

This policy is based on requirements set out in the 'Statutory framework for the Early Years Foundation Stage (EYFS)' (September 2026).

We adhere to the 'Statutory Framework of the EYFS' and the four guiding principles that shape practice within Early Years settings:

- Every child is a unique child, who is constantly learning and can be resilient, capable, confident and self-assured;
- Children learn to be strong and independent through positive relationships;
- Children learn and develop well in enabling environments with teaching and support from adults, who respond to their individual interests and needs and help them to build their learning over time. Children benefit from a strong partnership between practitioners and parents and/or carers.
- Children develop and learn in different ways and at different rates.

As part of our practice we:

- Provide a balanced curriculum, based on the EYFS, across the seven curriculum areas, using play and enquiry as the vehicle for learning;
- Promote equality of opportunity and anti-discriminatory practice.
- We provide early intervention for those children who require additional support;
- Work in partnership with parents and carers;
- Plan challenging learning experiences, based on the individual child, informed by observation and assessment and by the children's own ideas and interests;
- Provide opportunities for children to engage in activities that are adult-initiated, child-initiated and adult supported;
- Provide a secure and safe learning environment indoors and outdoors.

## EARLY YEARS FOUNDATION STAGE CURRICULUM

We plan an exciting and challenging curriculum based on our observation of children's needs, interests, and stages of development across the seven areas of learning to enable the children to achieve the Early Learning Goals.

All seven areas of learning and development are important and interconnected.

Three areas are particularly crucial for igniting children's curiosity and enthusiasm for learning, and for building their capacity to learn, form relationships and thrive, both in the EYFS and into Key Stage

1. These three areas are the **prime** areas:

- Communication and Language
- Physical Development
- Personal, Social and Emotional Development

Children are also supported through the four **specific** areas, through which the three prime areas are strengthened and applied:

- Literacy
- Mathematics
- Understanding the World
- Expressive Arts and Design

In planning and guiding children's activities, practitioners must reflect on the different ways that children learn and reflect these in their practice.

Three characteristics of effective teaching and learning are:

1. **Playing and exploring** - children investigate and experience things, and 'have a go'.
2. **Active learning** - children concentrate and keep on trying if they encounter difficulties.
3. **Creating and thinking critically** - children have and develop their own ideas, make links between ideas and develop strategies for doing things.

Children are provided with a range of rich, meaningful first-hand experiences in which they can explore, think creatively and be active. For example, children go on a muddy walk each week to embrace and learn from our immediate environment. We aim to develop and foster positive attitudes towards learning, confidence, communication and physical development. Enrichments such as tool work are gradually introduced over the year to harness the maturity and inquisitiveness of children.

We create medium term plans encompassing a series of topics each of which offers experiences in all seven areas of learning.

We always remain flexible to allow for unplanned circumstances and children's responses. Our planning is continually evaluated by all staff to ensure that children's individual 'Next Steps in Learning' and personalised learning needs are met.

# Moreton Church of England Primary School

Children will engage in whole group and small group activities alongside their independent learning. There are also allocated times for whole class daily 'carpet learning sessions'. These can include phonics, maths, story time (Talk Through Stories) and topic along with dough disco, Drawing Club or Helicopter Stories.

The curriculum is delivered using a play-based approach as outlined by the EYFS framework: *'Each area of learning and development must be implemented through planned, purposeful play and through a mix of adult-led and child-initiated activities'*.

We plan a balance between children having time and space to engage in their own child-initiated activities and those which are planned by adults. During children's play, the adults in class interact when appropriate to stretch and challenge them further.

In planning and guiding children's activities, we reflect as practitioners on the different ways that children learn and build these into our practice. We create a stimulating learning environment to encourage children to free-flow between inside and outdoors daily, as far as possible.

## **OBSERVATIONS AND ASSESSMENT**

At the beginning of their Reception year, a Reception Baseline Assessment is carried out both formally (RBA) and informally to cover all areas of learning and characteristics of learning. This allows forward planning and next steps specific to the cohort.

As part of our daily practice we observe and assess children's development and learning to inform our future plans. We record our observations in a variety of ways and everyone in class is encouraged to contribute.

Observations of children's achievements are collated in their own personal, online 'SeeSaw' Learning Journal. Parents/carers receive a notification when an observation has been added to their child's Learning Journal and they can then view this observation and any related photographs/videos. Parents/carers are encouraged to add their own comments and also to upload their own observations to show us what their children are able to do at home.

Ongoing observations are used to inform the EYFS Profile/Birth to 5. The children's progress is reviewed continually. Throughout their time in Reception, parents/carers are welcomed in to share their children's learning; both informally through our 'open door' policy and more formally during parent/teacher consultations, reading morning, parent workshops etc.

At the end of the year the EYFS profile provides a holistic summary of every child's development and learning achievements including whether they have reached a 'Good Level of Development' (GLD). Children are assessed against the Early Learning Goals (ELG) by the class teacher - who uses the exemplification materials, and their knowledge of the children to make a 'best fit' judgement.

The children are assessed as expected or emerging against each area of the EYFS curriculum:

- Expected ELG – meeting the expected level
- Emerging ELG – not yet meeting the expected level

# Moreton Church of England Primary School

This profile data is the statutory data that is sent to the Local Authority and used to help school benchmark and identify improvements.

## **SAFETY INCLUDING SAFEGUARDING AND WELFARE REQUIREMENTS**

The safety and welfare of our children is paramount at Moreton C of E Primary School. We have robust policies and procedures in place to ensure their safety. (See whole school Policies including medical and allergy)

In Reception we provide a safe and secure environment and a curriculum which teaches children how to take risks, follow rules and stay safe. We comply with the welfare requirements set out in the Statutory Framework for Early Years Foundation Stage and understand that we must:

- Safeguard children.
- Ensure the people who have contact with children are suitable.
- Promote good health.
- Support and understand behaviour.
- Maintain records, policies, and procedures.

We promote the good health of the children in our care in numerous ways, including the provision of nutritious fruit and snacks, access to water and milk throughout the day, allocating significant time for physical development and following set procedures when children become ill or have an accident. (See whole school policies) When children are eating snack in the classroom there are always 2 members of staff present with children sat down at tables and monitored.

The EYFS class teacher and LSA holds a Paediatric First aid qualification, which is a statutory requirement of the EYFS.

Routinely children do not sleep whilst at school however if a child does fall asleep due to extreme fatigue or illness they are monitored by a member of staff, not left alone and parents are notified.

Screen use is used in accordance with the DFE guidance. Specifically children do not use a screen in EYFS for extended periods of time, nor are they used in a passive way without any interaction from an adult. Screen time is thought out carefully and only used to enhance what is already being taught.

# Moreton Church of England Primary School

## **INCLUSION**

We value all our children as individuals, irrespective of their ethnicity, culture, religion, home language, background, ability or gender. We plan a curriculum that meets the needs of the individual child and support them at their own learning pace so that most of our children achieve the Early Learning Goals.

We work closely with the parents/carers of our children to ensure that their individual needs are met and their talents fostered. We ensure that these children are challenged appropriately to reach their full potential.

We strongly believe that early identification of children with additional needs is crucial in enabling us to give the child the support that they need and in doing so, work closely with parents/carers and outside agencies. (See whole school SEND policy)

## **THE ROLE OF PARENTS/CARERS**

We recognise the central importance of parents/carers as children's first educators. We believe they have a significant role to play in the lifelong education of their child. We strive to create and maintain partnerships with parents/carers as we recognise that together, we can have a significant impact on a child's learning.

We welcome and actively encourage parents to participate confidently in their child's education and care in numerous ways.

- Holding information evenings before the children start school;
- Talking to them about their child's interests and needs during our introductory sessions in school and at our home visits carried out July/early September;
- Inviting children and their parent/carers to have lunch in the hall prior to them starting school
- Being welcoming and approachable and having an open-door approach for parents to voice concerns/ask questions;
- Inviting them to a parent consultation in the Autumn and Spring Terms to discuss how their child has settled and share progress and next steps for learning;
- Valuing parents' contributions to learning journeys;
- Encouraging parents to read with their child at home and make comments in their reading record books;
- Providing curriculum planning overviews for each topic, each term, highlighting how they can support their child at home;
- Inviting parents into school for 'parent phonics' sessions to demonstrate how we teach phonics and help them support their child;
- Welcoming parents as volunteers into our school;
- Providing parents with an end of year summary report detailing achievements and their child's EYFS profile

## **TRANSITIONS**

Transitions are carefully planned for and significant time is given to ensure continuity of learning and care. At times of transition, we acknowledge the child's needs and establish effective partnerships with those involved with the child and other settings. Children attend a number of introductory sessions including lunch with their parents/carers to develop familiarity with the school and practitioners. Our Reception staff also visit the local nurseries and preschools in, to familiarise themselves with the children.

Parents/carers are encouraged to take up the offer of a home visit (by the Reception class teacher and LSA) this is a valuable time to talk 1:1 with them and answer any concerns/queries they may have and see the child in their most familiar environment.

At the end of the EYFS, our Reception teacher meets with the Year 1 teacher to liaise with them and discuss the individual children and their specific needs. The children's assessment data and writing books are sent with them to Year 1 so that their new teachers are able to plan for their 'next steps in learning' from the moment they enter their new class. Children spend a number of sessions towards the end of the school year in the Year 1 classroom OR with the Year 1 teacher to ensure that they are familiar and comfortable with their new teacher and are 'year 1 ready'.

## **Monitoring of the EYFS**

We are committed to providing the best possible experiences for our children. The EYFS teacher is responsible for monitoring provision, teaching and learning and children's progress. Information is shared with the Headteacher, Subject Leads and Reception team as appropriate and any necessary actions are taken.

A local Hub is available to support and share good practice, moderate outcomes and discuss any upcoming changes through half termly writing moderation meetings.

All adults in the Reception team have a key role in children's learning and development. Therefore, they are required to be knowledgeable and skilled in the EYFS curriculum. Any training needs for existing or new members of staff are identified and addressed as part of performance management targets.
